DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claim 14 is rejected under 35 U.S.C. 102(b) as being anticipated by Rudko et al. U.S. Patent No. 5,830,210.

Rudko et al. disclose a catheter system including a treatment catheter and navigation catheter, comprising: a hub (distal end 40) advanceable in vasculature; a plurality of fibers 26a-26b extending from the hub; and an expandable mechanism (framework 42 comprising plurality of flexible ribs 44), wherein the optical fibers are connected to the flexible ribs 44, such that when the framework is expanded the fibers are spread into position to contact the vascular tissue.

2. Claims 1-3, 5-7, 9, 13-15 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Winston et al. U.S. Patent No. 6,106,515.

Winston et al. disclose expandable laser catheter system and method of use for treating vascular tissue, the catheter system comprising:

a rotatable catheter shaft advanceable in vasculature;

a plurality of optical fibers extending from the catheter shaft for ablating the vascular tissue; and

an expandable mechanism (e.g. balloon 22, and fins 66A, 66B) connected to the plurality of fibers for spreading the fibers into position as claimed (see the abstract; Figs. 1-4 and 8; col. 1, line 60 through col. 2, line 20; col. 6, lines 2-23; and claims 1-9 and 18-20).

Allowable Subject Matter

Claims 16-21 and 23 are allowed.

Claims 4, 8 and 10-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
